

SCREW AIR COMPRESSOR HIGH-END SERIES

INTRODUCTION

Tangram Air Compressor (China) Co., Ltd. is a high-tech enterprise specializing in the research, development, production, and sales of air compressors. The company was established in 2000 and is located in Boluo County, Huizhou City, Guangdong Province. With over 50 employees and a factory covering an area of over 5000 square meters, we have the capacity to produce over 5000 air compressors annually, fully meeting the needs of enterprises and factories. Equipped with an experienced technical team, we provide users with high-quality and efficient compressed air system equipment, including Screw Air Compressors, Permanent Magnet Variable Frequency Air Compressors, Freeze Air Dryers, and Air Storage Tanks. Our focus extends to pre-sales, sales, and after-sales services, offering reliable air system solutions to our valued customers.

Our commitment to advanced design concepts and rigorous manufacturing technology, influenced by German industry practices, allows us to continuously innovate and leverage the advantages of professional design and manufacturing. Following the ISO9001 international quality systems, our production management process ensures that each compressor's technical performance and reliability meet international standards. As a result, our products consistently maintain a leading position in the industry in terms of quality.

Every year, our products are sold in 65 countries and regions worldwide, including Germany, the United Kingdom, Spain, Poland, Croatia, Hungary, Canada, Brazil, Argentina, Ecuador, Egypt, South Africa, the United Arab Emirates, India, Malaysia, Thailand, Vietnam, South Korea, China, Japan, Australia, New Zealand, and more.

Tangram is committed to serving global users, and our products are widely used in industries such as machinery, food, medical, electronics, textiles, automobiles, and building materials. With our rich experience, continuous innovation, and a strong sales and service team, we are dedicated to providing solutions and fast services to meet every user's compressed and innovative.

CORPORATE CULTURE

1. Innovation and Technology Orientation

Tangram is dedicated to researching and providing high-quality and efficient products and solutions by strongly focusing on technological innovation.

2. Quality orientation

The company places emphasis on product excellence through establishing a comprehensive quality management system.

3. Customer orientation

Tangram is committed to prioritizing customer needs and providing them with high-quality products and services.

4. Team cooperation

Collaboration is fostered within air compressor companies, encouraging a collaborative culture and the achievement of common goals through joint efforts.

5. Integrity and Responsibility

Ethical business practices, compliance with laws and regulations, and social responsibility are prioritized by air compressor enterprises.

6. Learning and Growth

We also actively support employees in continuously learning and enhancing their skills, providing ample training and development opportunities for both personal and corporate

CERTIFICATE OF FACTORY

Tangram Air Compressor Enterprise, renowned domestically and internationally, has received numerous honorary certificates and enjoys a remarkable reputation among its customers due to its outstanding product quality.

With our own distributors and partners established in multiple countries, our strong presence in the industry is well demonstrated. Furthermore, our products have obtained CE and ISO certificates, and we strictly adhere to the quality system to ensure the highest standards for each product. We warmly welcome both domestic and foreign customers to visit our company and discuss potential cooperation.

With our exceptional strength and superior service, we aim to become your reliable manufacturer and partner in the air compressor industry.

Tangram Electronics Ltd. delivers modern Industrial Screw Air Compressors in many Countries, including Bangladesh, with:

- Durable design using international-grade components
- 24/7 reliability to keep production running
- Fast service & spare parts support from our expert team
- Energy-efficient performance with lower power use
- Low-noise operation for a quieter environment

Primary Specification (主要规格)

Model No. (型号)	10 PM	Noise(噪音)	68 Db(A)
RPM (转速)	3000 r/min	Max Working Pressure (最大工作压力)	0.8 MPa
Voltage(电压)	380V/50HZ		1.0 MPa
Power(功率)	7.5 KW	Air Flow Volume (空气流量)	1.10 M ³ /min
Weight(重量)	110~135 kg		0.95 M ³ /min
Frequency Converter(变频器)	INOVANCE/ZONCN	Motor Protection Level (电机防护等级)	IP55
Air Pressing System Brand(空压系统品牌)	BSC	Dimension(尺寸)	750*610*850 mm
Starting Mode(启动方式)	Permanent Magnet Frequency Conversion		

Note: Our Products are in continuous optimization, parameters are subject to change without prior notice.

- Fast service & spare parts support from our expert team
- Energy-efficient performance with lower power use
- Low-noise operation for a quieter environment

Primary Specification (主要規格)

Model No. (型号)	20 PM	Noise(噪音)	70 Db(A)
RPM (转速)	3000 r/min	Max Working Pressure (最大工作压力)	0.8 MPa
Voltage(电压)	380V/50HZ		1.0 MPa
Power(功率)	15 KW	Air Flow Volume (空气流量)	2.3 M³/min
Weight(重量)	235~290 kg		2.1 M³/min
Frequency Converter(变频器)	INOVANCE/ZONCN	Motor Protection Level (电机防护等级)	IP55
Air Pressing System Brand(空压系统品牌)	BSC	Dimension(尺寸)	1050*780*1020 mm
Starting Mode(启动方式)	Permanent Magnet Frequency Conversion

- Fast service & spare parts support from our expert team
- Energy-efficient performance with lower power use
- Low-noise operation for a quieter environment

Primary Specification (主要規格)

Model No. (型号)	30 PM	Noise(噪音)	75 Db(A)
RPM (转速)	3000 r/min	Max Working Pressure (最大工作压力)	0.8 MPa
Voltage(电压)	380V/50HZ		1.0 MPa
Power(功率)	22 KW	Air Flow Volume (空气流量)	3.6 M³/min
Weight(重量)	300~320 kg		3.2 M³/min
Frequency Converter(变频器)	INOVANCE/ZONCN	Motor Protection Level (电机防护等级)	IP55
Air Pressing System Brand(空压系统品牌)	BSC	Dimension(尺寸)	1080*880*1150 mm
Starting Mode(启动方式)	Permanent Magnet Frequency Conversion

GUANGDONG BLF TECHNOLOGY LIMITED

19/A, Goran Chatbari, Mirpur, Dhaka-1216, Bangladesh.

Tangram Electronics Ltd. delivers modern Industrial Freeze Dryer for Compressors system in many Countries, including Bangladesh, with:

- Prevents corrosion in air tanks, pipes, and tools
- Improves air quality for painting, CNC machines, and sensitive instruments
- Reduces maintenance costs on downstream equipment
- Protects productivity by minimizing system downtime

Primary Specification (主要规格)

Model No. (型号)	TGR-AD175HP
Working Pressure (工作压力)	10 BAR
Supply Voltage(电源电压)	380V/50Hz
Pressure Dew Point(露点压力)	2-10 °C
Refrigerant (制冷剂)	R22
Air Capacity (处理风量)	24 m³/min
Compressor(压缩机)	Panasonic 303
Dimension(外形尺寸)	1300*730*1230

200 HP FREEZE DRYER
